## Longrange Replacement Fuel Tank

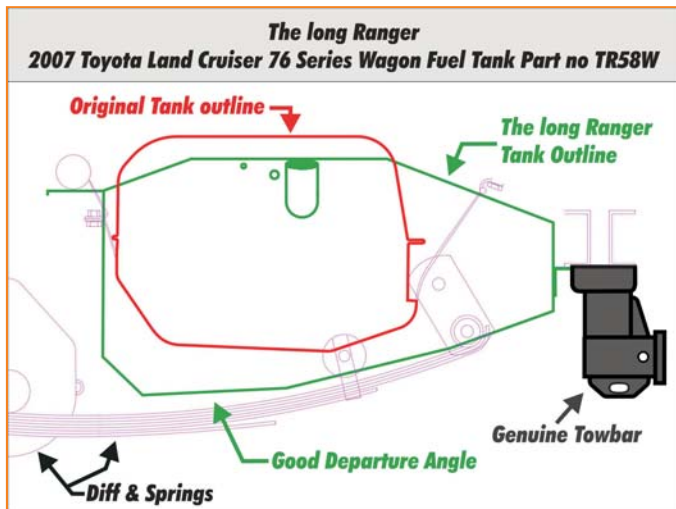

Part No TR58W to suit Diesel Vehicle

With this Long Range Fuel Tank we give the owners of this new V8 turbo diesel Land cruiser the option Toyota left off the list. With all the other models in the lineup having twin tanks, This Longranger Replacement tank provides the user with a much needed boost in driving range thanks to an 85% increase over the standard 90lt tank. Excellent departure angle is maintained. An inbuilt fuel retention chamber around pickup unit improves the ability to pickup fuel when running low. Whether your travelling the outback or sick of filling up every week, longranger fuel tanks are a must have product
