

Long Range Fuel and Water Tanks
THE LONG RANGER
THE BIG TANK FOR A BIG COUNTRY

NEW PRODUCT

Mitsubishi ML Triton Longrange Replacement Fuel Tank

Part No TR67D to suit Diesel
Part No TR67P to suit V6 Petrol

Stop when you want, not where you Have to. This replacement tank provides the user with a much needed boost in driving range thanks to a 67% increase over the standard 75lt tank. Excellent ground clearance is maintained with the front section of the tank only 10mm lower than standard, helping with the all important ramp over angle. Inbuilt fuel retention chamber around pickup unit improves the ability to pickup fuel when running low. Whether your travelling the outback or sick of filling up every week, longranger fuel tanks are a must have product you will use every day.

Features:

- 125lt capacity
- 3 Year warranty.
- 2mm Aluminium coated steel construction.
- Full internal baffling.
- Maintains good ground clearance.
- No exhaust modifications required.
- The safest alternative for fuel storage.
- Save money by buying fuel when the price is right.
- Fully Mig welded and pressure tested.
- Easy fitting, supplied with complete fitting kit and detailed instructions.
- CNC machined flanges for accurate fitment of original pickup and sender unit.
- Australian made in a modern CAD/CAM facility.
