

# Toyota 200 Series

## 90L Longrange Auxiliary Fuel Tank

Part No TA65M to suit all models without factory sub tank

With this LongRanger Fuel Tank we give the owners of this new V8 Land cruiser the option Toyota left off the list. With all the other models in the line up having twin tanks, this LongRanger Auxiliary Tank provides the user with a much needed boost in fuel capacity thanks to a 97% increase over the standard 93L tank to give a new total of 183L. When used in conjunction with a swing away wheel carrier this combination offers great driving range and maximum ground clearance. A new dash mounted LED switch/gauge provides the user with the option to transfer fuel at the push of a button when required, while displaying available fuel in the Auxiliary tank.

### Features:

- 90L capacity
- 3 Year warranty.
- 2mm Aluminium coated steel construction.
