NEW PRODUCT

Toyota 200 Series

122L Longrange Auxiliary Fuel Tank 55L Water Tank

Part No TA65W COMBO to suit all models without factory sub tank

With all the other models in the line up having twin tanks, this Long Range Fuel & Water Tank gives the owners of this new V8 Land cruiser the option Toyota left off the list, and some. With a bonus 55L of water and a new total of 215L of fuel this LongRanger Auxiliary tank provides the user with a huge boost in fuel capacity thanks to a 131% increase over the standard 93L tank. When used in conjunction with a swing away wheel carrier this combination has improved departure angle and will offer the ultimate in freedom and adventure to go anywhere anytime. A new dash mounted LED switch/gauge provides the user with the option to transfer fuel at the push of a button when required, while displaying available fuel in the Auxiliary tank.
