

Long Range Fuel and Water Tanks
THE LONG RANGER
THE BIG TANK FOR A BIG COUNTRY

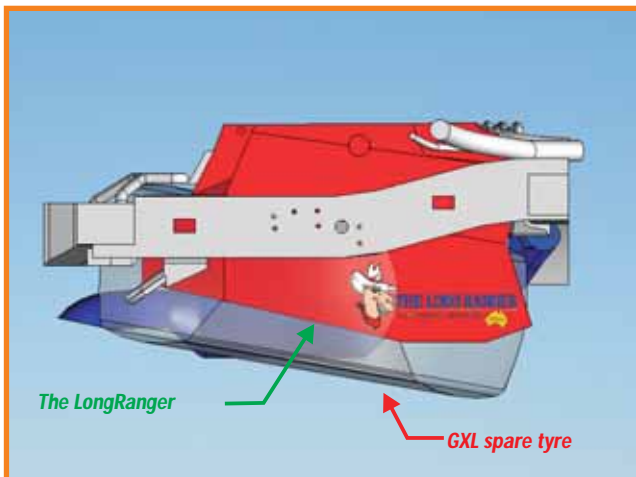

NEW PRODUCT

Toyota 200 Series

180L Longrange Replacement Fuel Tank

Part No TR68L to suit all model with factory sub tank

Whether you are towing a big trailer or have some remote areas to travel this LongRanger tank provides the user with a huge boost in fuel capacity thanks to a 98% increase over the standard 138L combined capacity of both the factory tanks with a total of 273L. After relocating the spare tyre to a swing away wheel carrier this combination has improved departure angle and will offer the ultimate in freedom and adventure to go anywhere anytime. All the factory filling and automatic fuel transfer systems are retained with the installation.

Features:

- 180L capacity
- 3 Year warranty.
- 2mm Aluminium coated steel construction.
- Fully Mig welded and pressure tested.
- No exhaust modifications required.
- The safest alternative for fuel storage.
- Improved departure angle with spare wheel carrier fitment.
- Uses the factory fuel transfer system.
- Easy fitting, supplied with complete fitting kit and detailed instructions.
- Australian made in a modern CAD/CAM facility.
