

Long Range Fuel and Water Tanks
THE LONG RANGER
THE BIG TANK FOR A BIG COUNTRY

NEW PRODUCT

Toyota 200 Series

122L Longrange Auxiliary Fuel Tank 55L Water Tank

Part No TR68W COMBO to suit all model with factory sub tank

If you need water and fuel for your journey this combination tank has a 55L stainless water tank built into the top section of the tank. With a new total of 215L of fuel this LongRanger Fuel & water tank provides the user with a huge boost in fuel capacity thanks to an 88% increase over the standard 138L tanks. After relocating the spare tyre to a swing away wheel carrier this combination has improved departure angle and will offer the ultimate in freedom and adventure to go anywhere anytime. All the factory filling and automatic fuel transfer systems are retained with the installation.

Features:

- 122L Fuel Capacity.
- **55L Water Capacity.**
- 3 Year warranty.
- 2mm Aluminium coated steel construction.
- Full internal baffling.
- No exhaust modifications required.
- The safest alternative for fuel storage. Improves departure angle.
- Stainless steel water tank.
- Uses the factory fuel transfer system.
- Easy fitting, supplied with complete fitting kit and detailed instructions.
- Australian made in a modern CAD/CAM facility.
